THE CONGREGATIONAL CHRISTIAN CHURCHES

Form — Congregational Christian Churches are bodies of self-governing Christian believers organized on a democratic basis in close association with a great body of similar churches throughout the world, covenanting together for worship, work, and fellowship.

Origin — Congregationalism has been implicit in Christianity from the beginning, but did not emerge in its present corporate form until in England, in the sixteenth century, the pressure of state control of religious worship forced into separate existence that part of the Church in which Congregational principles were cherished.

The Christian Churches originated spontaneously in several parts of the United States in the latter part of the eighteenth century. In each instance the movement was directed toward freedom from excessive ecclesiastical authority over local churches and ministers.

Principles — The Congregational Churches are characterized by their faith in God, their fellowship in Christ, and their freedom in the Spirit.

Practice — Acknowledging Christ as the only authoritative head of the Church, Congregational Christian Churches exalt nothing trivial or sectarian, repudiate dogmatism and all legislative control of the spiritual life, regard a living Christian faith as the only prerequisite for church membership, and seek to develop in the church educational efficiency, evangelistic zeal, and unselfish devotion to the extension of the Kingdom of God.

Achievements — Congregationalism sailed to America in the Mayflower as the polity of the Pilgrim Fathers. Settling first at Plymouth, then later fusing with the Puritan colonists that followed them, these founders of Congregationalism spread over New England, and through their democratic ideals laid the foundations for the free church, the free state, the free school, and the free social life of our country. The Congregational Churches have been pioneers in the promotion of education, missions, evangelism, and in most movements for Christian union, religious progress, and social reform.

While the Christian Church originated later, and while its numbers and resources have not been so large, its ideals and principles have been identical with those of the Congregational Churches.

The Local Church — The local church is self-administering and is the final arbiter of all questions relating to its own life.

The Association — A church is recognized denominationally by securing membership in some association of churches, usually consisting of from ten to fifty such churches, located in geographical proximity to one another. These associations are charged with the holding of ministerial credentials for ordained ministers and the performance of common Christian service in behalf of their component churches.

The State Conference — The state or district conference is made up of the churches within its bounds holding membership in the several associations. Mutual helpfulness to all the churches, and the carrying forward of church extension and missionary work within its own borders, are the functions of the conference. Usually the conference maintains a paid superintendent and a central office.

The General Council — What the State Conference is to the state the General Council is to the nation, with appropriate variations. The General Council also becomes the unifying agency for co-ordinating the organization and work of the missionary societies. (See following pages.)

GENERAL COUNCIL ORGANIZATION

The General Council of the Congregational Christian Churches was organized on June 27, 1931, at Seattle, Washington, for the purpose of carrying on the functions hitherto performed by the National Council of the Congregational Churches and the General Convention of the Christian Church. The older organizations continue their formal existence for the time being for possible legal requirements. Details of organization will be found on the following pages.

PURPOSE

The purpose of the General Councils is to foster and express the substantial unity of the Congregational Christian Churches in faith, purpose, polity and work; to consult upon and devise measures and maintain agencies for the promotion of the common interests of the Kingdom of God; to co-operate with any corporation or body under control of or affiliated with the Congregational Christian Churches and to do and promote the work of these churches in their national, international and interdenominational relations.

FUNCTIONS

As the name indicates, the General Council is a voluntary organization of Congregational Christian Churches. Associated with its function of discussion and inspiration is that of the election of officers and agencies for carrying on the common work of the churches. Specifically, the Council provides for gathering and publishing annually the statistics for the churches as given in this Year Book. For the purpose of stimulating fellowship and of co-ordinating the various agencies, offices are maintained with a small staff of secretaries.

MEMBERS

Each State Conference or similar organization of churches is entitled as such to elect a delegate at large for the first full 5,000 members and an additional delegate at large for each successive 5,000 members or major fraction thereof. The Superintendent of each Conference is *ex officio* a delegate. Each Conference also is entitled to "unit" delegates, elected according to rules set forth in the Constitution to the number of one to every 1,000 members, approximately.

EXECUTIVE COMMITTEE

Between the sessions of the Council an Executive Committee chosen by the Council attends to details of business, arranging and submitting programs for the meetings, and seeks to correlate the administration of the several missionary societies and boards affiliated with the Council in the interest of economy and efficiency. This committee is also the agency for correlating the activities of the several Commissions.

COMMISSIONS

The Commission on the Ministry together with representatives of the denominational boards constitute the Department of the Ministry which correlates the varied interests relating to our ministerial personnel. There are several other Commissions, none of them being charged with executive functions to any extent but rather with study and report, each in its own field, with such co-operation with the executive agencies of the denomination as seems feasible.

MISSIONARY SOCIETIES

The American Board of Commissioners for Foreign Missions and the Board of Home Missions of the Congregational Christian Churches have as their controlling membership the members of the General Council itself. Meeting in separate sessions under the direction of their own officers, these societies may therefore usually confirm action taken by the General Council in matters of common concern without further discussion, thus giving unity of operation and making the missionary societies the instruments of the churches themselves. The Council for Social Action has a similar though not identical relation to the General Council.

Meetings of the General Council are held biennially in the even numbered years.

THE DEPARTMENT OF THE MINISTRY

287 Fourth Avenue, New York 10, N. Y.

Chairman — JAMES F. ENGLISH*Director* — FRED S. BUSCHMEYER*Recording Secretary* — CLARENCE S. DUNHAM

Cooperating Staff: REV. HORACE F. HOLTON, REV. HENRY R. RUST, REV. HARRY T. STOCK, REV. WALTER C. TONG, Boston, Mass.; REV. BRYANT DRAKE, REV. OLIVER POWELL, Chicago, Ill.; REV. ROBERT BRUCE, REV. ANDREW VANCE MCCrackEN, REV. STANLEY U. NORTH, REV. JOHN R. SCOTFORD, REV. FRANK J. SCRIBNER, REV. THOMAS A. TRUPP, REV. PHILIP M. WIDENHOUSE, New York, N. Y.

The Department of the Ministry was organized by the Congregational Christian Churches in June 1944 to put squarely back of every minister of the fellowship the total strength and helpfulness of the denomination. For the first time in any Protestant denomination all matters relating to the ministry are being coordinated by this Department, that overlapping may be lessened, overlooking prevented and that every pastor may feel the power of the united fellowship back of him in every aspect of his life and work.

Recruiting — The fine work being done by the Education Division in recruiting for the ministry is to be strengthened and enlarged by the Board of Home Missions that the richness of opportunity for growth and for service in the Christian ministry may be effectively presented to young men of outstanding ability.

Guidance — From the day a young man begins to consider the Christian ministry, the denomination through the pastor, the local Association, State Superintendent and the national agencies will be more alert to fellowship, to advise and to assist him.

Placement — The work of finding for young men suitable fields where they will grow and develop in parish ministry, and of assisting all pastors to find the fields of service best fitted for their abilities is being coordinated, strengthened and integrated into a full-rounded program of placement.

Pensions — We have a sound pension agency which needs and is worthy of greatly increased resources. The Annuity Fund officials are considering plans for greatly increasing its resources so that it may better safeguard our ministers in old age.

Salaries — Ministers' salaries are often below the scale of income of men of like training and community responsibility. The lifting of salaries of underpaid men to a better level is on the list of priorities for the Department.

Refresher Courses — More and more, the seminaries and the Pastors' Summer Schools are bringing to pastors the refreshment and inspiration that all need. These opportunities must be extended to include more men who should have such periods of study, fellowship and spiritual uplift.

Continued Learning — The fields of knowledge expand so rapidly and there are so many subjects for which there was not time in the period of formal training, that many men desire and need guidance that may come from well organized and carefully adapted plans for individual and group reading, study and discussion.

Standards — Attention will be given to lifting the standards for the ministry and universalizing the best standards adopted by our General Council and by the several Associations.

In these and other ways the denomination through this Department is coordinating work now being done by various agencies and will enlarge its program of helpfulness to the end that you may come to feel that from the day you first decide to enter the ministry, the denomination, as a whole, is acutely interested in you, stands ready to help you and will be back of you wholeheartedly through all the years of your ministry.

Helpful material for the development of this Department is available from the office of The General Council, 287 Fourth Ave., New York 10, N. Y. (See list in the advertisement section of Year Book).

THE COMMISSION ON EVANGELISM AND DEVOTIONAL LIFE

287 Fourth Avenue, New York 10, N. Y.

This Commission was established by the National Council at Des Moines in 1904 to assist the churches in providing plans and programs for recruiting new members for the church and furnishing the churches material for their use in enriching the devotional life of the people. At the General Council at Grinnell, 1946, the Commission was expanded on the basis of a Committee under the Home Board, with financial support and at the meeting in Oberlin in 1948 became a Department of Evangelism under the Home Board.

It is composed of seven active and twenty corresponding members elected by the Executive Committee of the Home Board, functioning in connection with the Division of Church Extension and Evangelism.

Two major responsibilities are imposed upon the Commission:

FIRST: To bring before the churches the denominational program of evangelism and devotional life.

SECOND: To make a continuous study of methods used by effective churches; to make them known to all pastors; and to provide such other helps to evangelism and devotion as are within its powers.

To accomplish these objectives the Commission has four areas of work: *Field Work, Convocations, Seminars, Literature.*

THE CHURCH YEAR IN EVANGELISM AND WORSHIP

September-October Activities

A study of the local situation and the adoption of a plan to meet the conditions existing in the community. A comprehensive parish survey. Appointment of special committees with assignment of duties. Special events for those going away for school, college or business. "Loyalty Day" in Church School and Young People's Societies.

November-December Activities

The program for the Advent season planned. Literature ordered including special Advent leaflets.

Fall reception of new members and assignment to groups and to specific tasks in the work of the church. A check-up of absentee members and connection made either by letter or by personal call.

A definite program for Thanksgiving with material for home celebration. Preparation for the Christmas holiday season as a climax of the Advent period emphasizing the religious aspects of Christmas.

January-February Activities

Plans adopted for the Lenten Season and supplies ordered including "*The Fellowship of Prayer*" and "*Lenten Devotions for Young People*."

The Pastor's Class organized and textbooks secured.

Special devotional meetings for Lent arranged with emphasis on personal and family devotions.

Usually the Lenten Season is the best time for Parish Visitation Evangelism.

March-April Activities

Organize groups of adults and young people for the study of Christian beliefs. Plan a Lenten program of preaching for decision. Hold a Preaching Mission, a Visitation of the Parish, or School of Religion.

Plan Holy Week services. Membership enlistment and reception of members.

May-June

The Easter to Whitsunday period gives place for a special study of the questions of Christian responsibility in the home, community and state. Also, plan for Conferences and Retreats.

The Summer Season

In many parts of the country this is the best season of the year for evangelistic meetings. Where possible, plan a Preaching Mission or outdoor preaching service.

Plan something different for the summer season. Make use of the early morning service; vesper services for the late afternoon; popular evenings of song, illustrated lectures, Bible talks, missionary addresses and social occasions.

Send to the office of the Commission for a catalog of all material available for carrying out these programs.

THE MISSIONS COUNCIL

The several missionary organizations are related to the churches through identical membership, namely, that of the General Council. The Missions Council is the official body for each of the missionary societies for the purpose of disseminating information, cultivating interest and raising the missionary funds.

Timmons, Secretary of Commission on Evangelism; Merle Easton and Mildred Widber, Secretaries of Division of Christian Education of The Board of Home Missions. *Ex officio* — Cabinet Members: Truman B. Douglass, Ray Gibbons, Fred Field Goodsell, Douglas Horton.

Organization

1. *Membership*. The Missions Council consists of the thirty-six elected members together with the President and the Vice-Presidents of The Board of Home Missions, the thirty-six elected members with the President and Vice-Presidents of the American Board and the eighteen members of the Council for Social Action, and the Secretary of the General Council, *ex officio*.

2. *Joint Cabinet.* The work of the Missions Council is administered by the Joint Cabinet, thus providing the Minister with a connecting link to the administrative heads of the National Societies and of the State Conferences.

Article IX of the Rules of the Missions Council provides that the Minister of the Missions Council, the Executive Vice-Presidents of The Board of Home Missions and of the American Board, the Director of the Council for Social Action, the Minister of the General Council, the Associate Executive Secretary who shall be a woman, and one State Superintendent elected by the State Superintendents' Conference as hereinafter provided shall constitute the Joint Cabinet of the Missions Council. This Cabinet meets regularly. It is responsible for formulating promotional plans and policies and is the connecting link between the executive boards and the promotional staff.

3. *Ad Interim Committee.* The Ad Interim Committee is composed of fifteen persons chosen as follows: Two members of the Board of Directors of The Board of Home Missions designated by The Board of Home Missions, two members of the Prudential Committee of the American Board designated by the Prudential Committee, a member of the Council for Social Action, the Chairman of the Missions Council, two State Superintendents elected by the State Superintendents' Conference, and the Chairman of the Women State Presidents. The Minister of the General Council, the Minister and Associate Executive Secretary of the Missions Council, the Executive Vice-Presidents of the Boards, and the Director of the Council for Social Action are corresponding members.

4. *Joint Staff.* The Joint Staff operates under the chairmanship and direction of the Minister and includes the secretaries of missionary education and promotion of the national boards, with two representatives from the Conference of State Superintendents and the Chairman of the Women State Presidents.

Processes

1. *Meetings.* The Missions Council meets ordinarily but once a year. This meeting takes place in connection with the midwinter gathering of the Board of Directors of The Board of Home Missions and of the Prudential Committee of the American Board and the Council for Social Action, thus economizing in time and travel expenses. At the annual midwinter meeting the Survey Committee of the General Council, the State Conference Superintendents, the Women State Presidents and secretaries of the societies sit with the Missions Council in joint session as corresponding members.

2. *Literature.* One of the important functions of the Missions Council is the publication of literature setting forth our entire missionary enterprise.

3. *Field Work.* Under the direction of the Minister the members of the Joint Staff co-operate in a unified program of education and promotion. This work is conducted through the state organizations and endeavors to develop through actual contact with the churches those processes which seem to be most effective for disseminating missionary information and stimulating benevolent contributions. This process is so intimately related to the financial operations of the local churches that this latter interest is combined with the former, thus helping the churches to financial strength.

Information

The support of our Mission Boards depends upon current gifts, legacies and the income from invested funds. Through the Missions Council, donors, lawyers and trust officers are supplied with confidential and impartial information concerning the financial standing, fields of work, needs and opportunities of any or all Congregational Christian Corporations, including the General Council and its Commissions, the Home and Foreign Missionary Boards, State Conferences, city extension societies and the local churches.

The local church may ordinarily secure information directly from its own state office. Persons not knowing to whom to write locally are invited to communicate direct with the Missions Council.

WELLMAN.

Founded in 1810 to make possible the realization of the vision of the men of the Williams College "Haystack", the A.B.C.F.M. is the oldest foreign mission board in North America. Immediately upon its organization it invited the Presbyterian General Assembly to form a similar society with which it could co-operate, but the Assembly replied that one organization of the sort was enough and "urged its churches to adopt the American Board as their foreign missionary agency." The Baptist Missionary Union was formed when some of the first American Board Missionaries became Baptists. By 1826, the Presbyterians and the Reformed Church in America had developed the United Foreign Missionary Society, which in that year was merged with the American Board. The process of segmentation began in 1837 when the "Old School" Presbyterians left the American Board, followed in 1839 by the Central and Southern auxiliary boards. In 1846, "because of differences of opinion as to the Board's attitude toward slavery, some members withdrew to aid in organizing the American Missionary Association." In 1857, the Reformed Church in America withdrew to form its own Board and in 1870, the "New School" Presbyterians rejoined their "Old School" associates and transferred their support to the Foreign Mission Board which they had formed. Consistent with its early history, the Board throughout the fourteen decades of its existence has done much to promote cooperation in all of its fields.

Across the years, the Board has stood for four other great principles, and as it looks to the future it reaffirms its devotion to them:

Evangelism and the Christian Church. Every human being has the right to the Gospel of Jesus Christ as his highest boon. To give the Gospel to the nations is the supreme purpose of the Board. Just as cool water cannot be given to a thirsty man without the use of some container, so the Christian Gospel can best be communicated through the organized agency of the Christian Church. Hence, the Board works to extend the Church, the society of those who would live and serve in the spirit of our Lord Jesus Christ.

Christian Democracy. The Board proclaims the worth of every person because every person is a child of God. It believes in the brotherhood of man, regardless of race or culture. The Board strives for human freedom as an indispensable condition of human welfare, but insists that to be of high and abiding value such freedom must be the liberty of self-disciplined citizens. Genuine democracy, the Board believes, is the fruit of Christian character, both individual and corporate.

Education. In a sense, all missionary work is education. To some degree a person becomes a Christian through learning and appropriating something which he did not know before. The Board therefore looks upon the processes and institutions of education as of primary importance in the work of the Christian Church in every country. Moreover, the growth of democracy and of the Christian Church and community depend, humanly speaking, upon intelligent and devoted leadership by nationals of the countries concerned. To train leaders for every walk of life but especially for the Christian ministry and for the teaching profession must, therefore, always be a major concern of the Board and its missionaries.

High Standards of Service. American Board missionaries must be selected with the utmost care. Spiritually, intellectually, physically, practically, the tests must be high, for the East is asking the West to share with it the best exponents of its civilization.

As a consequence of its devotion to these principles, the Board has sought and seeks today:

to plant and to foster in every land, churches that will be self-directing, self-supporting, and self-expanding;

to permeate the life of the world in all areas and spheres of activity with the spirit of Jesus;

to give life to a world shaken to its foundations;

to exemplify the love of God before all mankind, until that love surrounds the earth, binding the nations, races and classes into a community of sympathy for one another, undergirded by faith in Christ.

The American Board is at work in fifteen missions in thirteen mission lands. Three missions are in Africa (in Southern Rhodesia, South Africa, Portuguese West Africa). Three are in China (in North China, in Foochow and Shaowu — both of Fukien province). Two are in India (in South India, in West India), and one in Ceylon. There are American Board missions in the Philippine Islands, in Japan, in Micronesia, in Mexico. The Near East Mission includes work in Bulgaria, in Greece, in Turkey, in Lebanon and in Syria. The Board supports also a Mission of Fellowship to Europe, with missionaries stationed at Chambon-sur-Lignon, Haute Loire, France.

In several other countries, including Czechoslovakia and Spain, the Board helps support the indigenous and independent work of former mission institutions.

Note: In some cases there is considerable difference between the figures given above and those given for the same items last year. This is largely due to the fact that no figures could be included last year for Japan. This year figures for Japan include relevant statistics of the United Church of Japan of which the Kuniiai (Congregational) churches are now an integral part. In some other cases normal growth has been recorded.

The support of the work of The Board of Home Missions depends upon current gifts and the income from invested funds. Bequests and conditional gifts are earnestly solicited.

FORM OF BEQUEST — I give and bequeath to The Board of Home Missions of the Congregational and Christian Churches, a corporation organized and existing under the laws of the States of Connecticut and New York and of the Commonwealth of Massachusetts, incorporated in 1937, the sum of Dollars to be applied for the uses and purposes of said corporation.

The Board of Home Missions of the Congregational and Christian Churches has been appointed as agent by each of the following corporations. The field work of these corporations is now administered by this one Board, but the original corporations are still in existence and hold title to their own assets. Any bequests, therefore, may run directly to these corporations.

The American Missionary Association

Organized in 1846. Incorporated under the laws of New York in 1862

287 Fourth Avenue, New York 10, N. Y.

This Association pioneered in opening schools in the South, founding Hampton Institute, Fisk University, Atlanta University, and Berea College. It still supports substantially Talladega College, Tougaloo College, LeMoyné College, Tillotson College and Dillard University, as well as the following schools and community centers: Bricks and Lincoln in North Carolina, Dorchester in Georgia, Trinity, Lincoln and Cotton Valley in Alabama, Pleasant Hill in Tennessee, and Fessenden in Florida. The Association also assists financially the Congregational and Christian Churches, the Ryder Hospital of Puerto Rico and the Yuquiyu Community Center. The Department of Race Relations under the direction of Herman H. Long specializes in cooperative racial service and inter-racial conciliation in areas of Negro-white tension and misunderstanding.

FORM OF BEQUEST — I give and bequeath the sum of Dollars to The American Missionary Association, or its successor, incorporated by the act of the legislature of the State of New York in 1862 to be applied for the uses and purposes of said Association.

Assists in the establishment of new churches at strategic points, and in the support of the Christian ministry where local resources are meager in an area which includes Alaska, Montana, Southern Idaho, Utah, Wyoming, North and South Dakota, Oklahoma, Texas, Louisiana and the District of the Southeast. Its service extends both to Negro and to white groups and includes work among Armenians, Finns, Germans, and Czech-Slovaks. Its fellowship and counsel are available also to state conferences and churches throughout the entire country.

The Congregational Church Building Society

Organized in 1853. Incorporated under the laws of New York in 1853. Known up to 1892 as The American Congregational Union

287 Fourth Avenue, New York 10, N. Y.

Aids churches in every part of the United States by loan and grant to secure houses of worship and parsonages and to conserve church properties through assistance in refinancing; also gives helpful advice regarding business details, and endeavors to assist in maintaining worthy architectural standards. Since its organization, its "revolving funds" have aided churches to the extent of over fourteen millions of dollars, and parsonage loans have amounted to over a million and a half dollars additional.

FORM OF BEQUEST — I give and bequeath to The Congregational Church Building Society or its successor, a corporation organized and existing under the laws of the State of New York, incorporated 1853, the sum of Dollars to be applied to the uses and purposes of said Society.

The object of this corporation is to secure, hold, manage and distribute funds for the relief of needy Congregational ministers and ministers of other churches affiliated, merged or consolidated with the Congregational churches and, after their decease, for the relief of their needy families. 559 pensioners are carried on the rolls of the national and state boards. In 1948 the average grant to a minister was \$323 and to a widow \$240. These amounts are supplemented by an annual Christmas gift and emergency grants as needed.

The Council for Social Action was created by the General Council at Oberlin in June, 1934. The motivating spirit behind that action is clearly indicated in the words of the vote:

"Stirred by the deep need of humanity for justice, security, and spiritual freedom and growth, aware of the urgent demand within our churches for action to match our gospel, and clearly persuaded that the Gospel of Jesus can be the solvent of social as of all other problems, we hereby vote:

"That the General Council create the Council for Social Action of the Congregational and Christian Churches of the United States of America.

That the purposes of this Council for Social Action shall be to help the churches to make the Christian gospel more effective in society, national and world-wide, through research, education, and action, in co-operation with the Home and Foreign Boards, Conferences and Associations, and local churches. It is proposed that the Council shall increasingly co-operate with the Federal Council of Churches in the creation of a program which shall be genuinely interdenominational. In its *research*, the Council will aim to be impartial, its only bias being that of the Christian view of life; its *educational* efforts will be directed primarily toward the local churches but will also envisage the cultivation of public opinion; in *action*, the Council may, on occasion, intercede directly in specific situations.

"That in launching this Council for Social Action we envisage a new kind of churchmanship which, enlisting the volunteer services of a group of eighteen outstanding men and women of social vision, wisdom, and Christian purpose, and commanding the services of five or six strong leaders in the fields of international relations, race relations, and economic statesmanship, will carry the campaign of education and action based on careful research out among our entire constituency at home and abroad. Believing that the church will find itself as it loses itself in the struggle to achieve a warless, just, and brotherly world, we launch this venture, dedicating ourselves to unremitting work for a day in which all men find peace, security and abundant life."

The Council for Social Action invites each church to organize a local committee or council for Social Action and welcomes the opportunity to co-operate with such local groups in planning for the larger effectiveness of the social program of the church.

The Council for Social Action invites correspondence from ministers and laymen.

In January, 1947, it became an independent committee under the direction of the Executive Committee of the General Council and was incorporated under the laws of the State of New York. In 1949 the by-laws were modified to provide for the nomination of the Board of Directors of the Service Committee by the Prudential Committee of the American Board, thus bringing the Service Committee into a closer working relationship with the American Board of Commissioners for Foreign Missions. Its purpose is set forth in its constitution as follows:

"Deriving its inspiration from the Divine Imperative to proclaim the Christian gospel to the world of men in deed as well as in work, the Congregational Christian Service Committee is dedicated to the following purposes:

"1. To implement the profound Christian concern of our people for providing relief; promoting physical, moral and spiritual rehabilitation; and effecting reconciliation among the members of the broken body of mankind where community has deteriorated through war or other social disasters.

"2. To work in areas of critical need, regardless of race, class, creed or nationality toward alleviating human distress through a mobile short-term emergency service."

The Congregational Christian Service Committee is an active member of the American Council of Voluntary Agencies for Foreign Service, CARE, Council of Relief Agencies Licensed for Operation in Germany, and joint councils of relief agencies operating in Greece and Italy. It co-operates with the World Council of Churches, Church World Service, and other church-related and national agencies. The Service Committee is registered with and operates under the approval of the Advisory Committee on Voluntary Foreign Aid, Department of State, Washington, D. C.

Work in the Field, 1948-1949

The Service Committee's work in Great Britain is the continuation of a project whereby some of our young American Congregational ministers and directors of religious education serve in British churches in areas of war destruction or of significant expansion.

In France support has been given to a Protestant village, Chambon-sur-Lignon, and scholarship support to the College Cevenol.

* In Greece, two Service Committee projects are continued, one in the Athens area and one in Salonika, in northern Greece.

The Italian project, centered in Naples, carries on a welfare, medical, educational, and rehousing program for the people in the caves.

Four representatives of the Service Committee, working under Church World Service in Germany, center their activities in Stuttgart, Vibel, Nuremberg, and Munich.

An extensive work camp program in Europe is operated by the Service Committee for the World Council of Churches. Other work camp possibilities for the summer of 1949 are in Puerto Rico, California, and Japan.

The Service Committee is acting as the agent for the denomination in carrying on, in co-operation with Church World Service, the program for displaced persons.

New projects involving work in the Middle East and the Orient are contemplated for 1949.

In 1948 the Service Committee shipped food and clothing valued at \$297,225, which was distributed in the following countries: England, France, Italy, Greece, Bulgaria, Germany, Austria, Japan, Czechoslovakia, Poland, Finland, and Luxembourg.

The hostel in New York, at 110 East 29th Street, is providing a center of orientation and hospitality for service workers and Congregational representatives from throughout the United States and the world.

The Annuity Fund for Congregational Ministers provides age annuities for Congregational Christian ministers and incidental protection against the minister's permanent total disability occurring during the years of active service, and for his family in case of his untimely death.

Its resources are derived from payments by the minister himself, contributions of churches and individuals, legacies and conditional gifts and the distributable income of the Pilgrim Memorial Fund.

Assets, December 31, 1948, \$13,943,518 (of which \$985,994 represents Reserves and \$117,838 Endowment); membership including annuitants 4,077, a net increase during the year of 49; annuity payments, \$524,802. Contributions in the form of gifts and legacies are urgently needed to help in paying the churches' share of the annuities of the older members. The Annuity Fund for Congregational Ministers has an exceptional place among the private annuity funds for its soundness and its liberal benefits to members.

Andover Theological Seminary has become affiliated with The Newton Theological Institution to form the new Andover Newton Theological School which is located at Newton Center, in the vicinity of Boston. The combination of the two schools and the location, in greater Boston, make new and unusual advantages possible for theological students interested in taking their professional study in New England. The combined resources provided for an enrichment of the curriculum and an enlargement of the faculty. The library facilities are unexcelled.

The Andover Newton Theological School in affiliation with Harvard gives the students the privilege of taking work in Harvard open to theological students and without additional expense. In greater Boston and New England are many of the oldest and most famous of the educational institutions of the country. As Andover Newton is in the midst of them, the students can enjoy the cultural and traditional advantages which bring college and professional students to Boston, not only from all over the country but from all over the world.

The co-operation of the churches in the vicinity offers many opportunities where, on the basis of co-operative scholarships, students can make their way and at the same time gain valuable and practical experience. The School offers scholarship grants, as far as it is able, to students dependent upon self-support and seeks to aid in securing for them church positions in which service can be given in return. Special fellowships are awarded to exceptional students.

The School grants three degrees: B.D., S.T.M., and M.R.E. The B.D. is granted after four years' study to students who have had a college course. The M.R.E. is granted to students with similar preparation after two years' study. The S.T.M. is granted after at least a year of graduate study and the presentation of satisfactory thesis.

For catalog and further information address the President or the Dean.

The Graduate School of Theology provides an opportunity for college graduates to get adequate training for Christian service in the ministry of the church, for leadership in religious education at home or abroad and for Christian social service in city or country communities. Throughout its history, though independent by charter, Oberlin has sustained a most friendly relationship with Congregational churches and work.

Equipment — In September of 1931 the School of Theology moved into its present quarters. It occupies a group of buildings designed by Mr. Cass Gilbert and made possible by the generous gift of two friends of the School, the late Mrs. D. Willis James and Mr. John D. Rockefeller, Jr. The theological group, built in North Italian style, is composed of two buildings connected by cloisters to form a quadrangle of unusual beauty and utility. The dormitory sections of this quadrangle provide apartments for married students as well as rooms for single students. Students in the School of Theology use the main library of Oberlin College which contains 472,031 bound volumes and as many pamphlets. The library files include the leading secular and religious newspapers and the leading monthlies and quarterlies. The Oberlin library is one of the largest college libraries in the United States. The library and seminar rooms in the theological quadrangle house about twenty thousand of the most active books in the theological section and the periodicals required by the theological students. The gymnasium, recreation rooms, athletic fields, and tennis courts provide ample facilities for exercise.

Terms of Admission — College graduation and church membership are required. Men and women of any denomination or race are admitted. This year 18 denominations are represented in the student body.

Degrees in Course — The degrees of Master of Arts, Bachelor of Divinity, and Master of Sacred Theology are given. Work toward these degrees is had in courses chosen from a broad range of offerings designed to provide the most adequate training for parish service at home and abroad.

Special Assets — Students in the Graduate School of Theology have the advantage of one of the most cosmopolitan colleges in America. They share in the university privileges and the scholarly standards and fine Christian ideals of Oberlin. Oberlin is a center of unique and broad missionary interests, and has contributed largely to the missionary forces of the Congregational Church. The Oberlin Conservatory of Music is one of the leading conservatories of the world, and makes available unusual musical advantages. Oberlin is equipped with a splendid Art Building, a fine Art Library, and an excellent collection of paintings and other art objects. Living expense is moderate and scholarships with the opportunities for self-help in the community make complete self-support possible.

For catalog and further information, address the Dean.

ANNUAL STATISTICS OF THE CHURCHES

The statistics are collected by the Registrars of the conferences and compiled in the offices of the General Council. They are of date of January 1, 1949, and cover the year 1948. Changes in pastorates are corrected as far as reported until copy is complete. Such revisions and author's corrections in statistics are not involved in the summaries. Money received in any national, district or state office to and including January 10 is credited to the preceding year unless otherwise requested. Persons noting errors are earnestly requested to report the same to the Registrars of the conferences.

The schedules are arranged by conferences rather than by geographical state lines.

The tables are *not a postal guide*. For addresses of ministers and clerks refer to alphabetical lists in the back of the book. Names of Sunday School superintendents, church treasurers, treasurers of benevolence and chairmen of boards of trustees and deacons, are on file in state offices, as are also certain other data.

The first name in the list of churches is usually the name of the town or city in which the meeting house is located. This is also the name of its post office unless followed by a name in **heavy-faced** type. If this postal word is an adjective it goes with the preceding name, e.g., Newton, **West**, signifying West Newton.

Abbreviations in schedule headings are:

"Ord." — Ordained	"Ab." — Absentee
"Cld." — Called	"C." — Confession
"Ma." — Male	"D." — Death
"To." or "T." — Total	"L." — Letter

Reference marks are used as follows:

[] Around a pastor's name signify he is not in full standing as a Congregational Christian minister, nor a denominational licentiate, nor an approved lay preacher, nor a candidate in care of a local association.

y Pastor serves more than one church. (See list of yoked churches in Conference Summary.)

i Pastor installed by Council. — No answer can be given.

r Pastor recognized by Council. # Contribution amounts to less than 50 cents.

m Approximate number of men. * Value of church property includes parsonage.

c Sunday School membership includes Cradle Roll. ★ Per Capita paid in full by church.

z Includes cost of new building or improvements.

¶ When a church has made no report, items of membership in church, Sunday School and young peoples' organizations, also home expense and value of property, are inserted from the previous Year Book and marked ¶ in the first column of the statistical report. This is done that these items may be included in the summaries and comparative tables, thus minimizing the danger of falsifying the comparisons.

Under church "Members" the number "Absent" are included in the "Total." Amount of "Home Expenses" includes all salaries, together with missionary aid received, operating expenses and repairs for church, Sunday School, choir and parish. An x before "Value Church Property" denotes expenditures for new buildings or improvements during the year. The total expended will be given at the end of each conference schedule.

"Budgeted Apportionment": gifts for regular work of the denomination. "Unbudgeted Apportionment": gifts for projects authorized by the national boards and the states, which are *not* included in their budgets (*i.e.* Christmas Fund for Ministerial Relief). "Other Gifts": contributions made for objects *outside* the regular work and for authorized appeals (*i.e.* scholarships, mission boxes, local welfare work, Red Cross). Contributions to the Committee for War Victims and Reconstruction are listed in "Other Gifts" column and a complete report by churches is given on pages 59-84.

The Women's Sacrificial Gift is included in the apportionment columns of each state. The Unit Plan contributions are included under "Unbudgeted Apportionment." The state record of these gifts appears on page 282. The apportionment figures in the schedules are those reported by the state treasurers.

A Summary of the German Conference appears on page 119. The churches constituting this Conference are recorded, together with their statistical data, in the various state conferences with which they hold fellowship.

The Summaries give important data by conferences in Table I and national data by years in Table II. The less important items appear in the Supplemental Summary. Additional totals appear in footings of conference schedules.

For last minute revisions see page following Ministers in Full Standing list.

ANSWERS TO QUESTIONS ABOUT BENEVOLENCES

WHAT IS INCLUDED IN THE TERM "BENEVOLENCES"? All gifts (from Churches, Sunday Schools, Young People's Societies, Missionary Societies, other organizations in the church and from individuals) for the work of the denomination as represented by the State Conference, American Board, Board of Home Missions, Annuity Fund, Council for Social Action, Relief and Reconstruction Fund and other denominational agencies.

HOW ARE BENEVOLENCES CLASSIFIED? As Budgeted Apportionment Undesignated, Budgeted Apportionment Designated and Other Gifts.

WHAT IS BUDGETED APPORTIONMENT? All gifts, whether from living individuals or from organizations which are to be divided between the State Conference, American Board, Board of Home Missions, Annuity Fund, Council for Social Action and Relief and Reconstruction Fund, according to the plan outlined below.

WHAT IS BUDGETED APPORTIONMENT DESIGNATED? Gifts specified for a particular society or for a particular project included in the regular budget of a society. Unless specifically instructed, these designated gifts will be part of the indicated society's share in the percentage distribution noted below.

WHAT ARE "OTHER GIFTS"? All gifts whether from individuals or from organizations for projects outside the regular budgeted work of the society specified. If the project is in the program of "Our Christian World Mission", it will receive apportionment credit, but will not be included in any equalization of gifts at the end of the Apportionment Year. "Other Gifts" may be reported by the church to the State office and credited to the church, in the Year Book, in the column "Other Gifts."

WHAT IS THE APPORTIONMENT FOR EACH CHURCH? The term applied to the total it seeks to obtain or which the Conference has requested it to raise. It is also the term for the amount reported in the Year Book as actually contributed.

HOW IS THIS APPORTIONMENT OBTAINED? Through pledges. Through budgeting by the church. Through special contributions.

WHAT DOES THE CHURCH TREASURER DO WITH THE APPORTIONMENT MONEY? Sends it to the State or District headquarters at regular intervals, monthly or quarterly.

WHY IS THE MONEY SENT TO THE CONFERENCE OFFICE RATHER THAN DIRECT TO THE SOCIETIES? Because the State offices keep the church-by-church records of apportionment giving and are responsible for the annual report for the Year Book.

WHAT IS THE APPORTIONMENT YEAR? The calendar year with ten days grace allowed. All remittances should be in the State office by January 10th.

WHEN FORWARDING MONEY TO THE CONFERENCE OFFICE IS IT NECESSARY TO DESIGNATE PARTICULAR SOCIETIES? No, except in the case of designated gifts. The division is made by the Conference on the agreed percentage.

WHAT HAPPENS WHEN GIFTS ARE SENT DIRECTLY TO THE SOCIETIES? The Societies report these gifts to the State office and if the church has been mentioned, credit is given. If no church is named, credit is given to the State under "Gifts — Church undesignated." In cases where the donor specifically requests it, there shall be no equalization either by direct transfer of such gifts or by use of undesignated gifts to offset them.

WHAT BECOMES OF THE BENEVOLENCES SENT BY CHURCHES IN THE "MISSIONARY" CONFERENCES AND DISTRICTS? The State office makes remittances usually monthly according to the percentage distribution shown below.

WHAT BECOMES OF THE BENEVOLENCES SENT BY CHURCHES IN THE "SELF-SUPPORTING" STATES? The State office retains the amount of percentage determined upon by the State Conference and remits the balance on the basis indicated below. In the case of missionary states, the full amount is remitted on this basis:

American Board.....	40%	Relief and Reconstruction Fund.....	16%
Home Boards.....	40%	Council for Social Action.....	4%

WHO DETERMINED THIS BASIS OF DISTRIBUTION? The Executive Committee of the General Council on recommendation of its Survey Committee set these percentages as representing the proportional share of the different societies in "Our Christian World Mission." At the end of the year adjustment is made between the societies so that, with the exception of gifts where the donor specifies there shall be no equalization, the total retained by each society shall be in accordance with these percentages.

WHAT IS THE PER CAPITA?

The Per Capita is the free contribution of the Congregational Christian Churches for the administrative expenses of the Associations, the Conferences and the General Council.

STRUCTURE OF THE NATIONAL ORGANIZATION

The vast and varied forces of the Congregational Christian Churches are coordinated into an effective unity by a simple organization comparable in outward form to the political organization of the United States. The Association, as it is usually called, roughly corresponds to the county, the Conference to the state, and the General Council to the federal government — except that none of these bodies has authority over any other. The whole is held together by sheer loyalty and the joy of fellowship in Jesus Christ.

The General Council maintains a national office in New York. See pages 5-11; for Treasurer's report, see page 10. This office attends to the gathering of national statistics and the issuance of the national Year Book. It serves also as a national clearing house for the Conferences and Mission Boards, and its officers are available for advice and counsel to churches and individuals. It represents the communion in interdenominational and international religious bodies, and in its relations with governmental and other secular agencies. The Council names denominational Commissions and Committees and assigns them their tasks.

The cost of administering these activities in behalf of the churches rests upon the churches themselves.

METHOD OF GIVING

The amount each church is asked to contribute is based on the number of church members reported in this Year Book, as voted by the General Council, the Conferences and the Associations.

Annually the treasurer of each church receives a statement from the Conference office requesting the amount as voted for the "Per Capita" or "Fellowship" dues. The figure is uniform per member for all the churches of that Conference or Association.

Since these funds are not for missionary work but for the expenses of the denominational organizations, they should appear in the budget of the local church as an "expense", rather than "benevolence", item along with regular expense entries for salaries, heat, light, repairs, printing, etc. Churches that have paid in full receive a star (★) in the Year Book as a mark of distinction and loyalty.

DIVISION OF THE PER CAPITA GIFTS

Beginning with 1949 the recommended Per Capita or Fellowship Dues for the work of the General Council is sixteen cents per member. Three cents of this amount is accumulated in the "Mileage Fund" to assist in paying the expenses of the delegates to the meetings of the General Council.

Thirteen cents are used for the administrative expense of the General Council; for supporting the work of the Federal Council of Churches of Christ in America; for the work of the World Council of Churches; and for the International Council of Congregational Churches, the world-wide organization in which the Congregational Christian Churches are partners.

THE RESPONSIBILITY OF FREEDOM

It is gratifying that, while the Per Capita is a wholly voluntary contribution, the loyalty of the churches to their free Congregational Christian fellowship makes the payment as dependable as the dues which are obligatory in other organizations. No penalty is attached for failure to pay, but prompt, full and cheerful payments are the rule because the churches regard them as a token of their belief in the ideals for which they and their sister churches stand. "We give not because we must but because we may."

PASTORS OF CONGREGATIONAL CHRISTIAN CHURCHES

NOT MEMBERS OF ASSOCIATIONS OR CONFERENCES AND
LICENTIATES

List of pastors who have been reported as not having full ministerial standing. A new status, "approbation as lay preacher," is reported by a few states. The list also includes the names of all licentiates reported by state registrars whether or not they are serving churches. The Association to which a Congregational Christian licentiate belongs is noted as follows: "*Lic.-Chi.*" (licensed by the Chicago Association of the Illinois Conference), or "*Lic.-Conf.*" (licensed by state Conference). The abbreviations following the word "*Lic.*—" refer to Associations, the key to which may be had upon application to the Year Book Department, 287 Fourth Ave., New York 10, N. Y. or to the state offices. Note: The state, as well as the Association, is given when a licentiate lives outside the Conference which holds his standing. The designation "*Lic.*," without further letters in italics, is applied to those whose standing has not been verified by any Association.

Candidates for the ministry, who are in care of a local Association, are included in this list.

CONGREGATIONAL CHRISTIAN MINISTERS IN FULL STANDING

Ministerial standing is constituted by ordination and membership in an association or conference of Congregational Christian ministers and churches.

The following is a compilation of the lists furnished by the Conference registrars.

Ministers not in Congregational Christian pastorates are indicated by the inclusion of ordination date (or by a hyphen (-) if ordination date had not been reported) after address. Information regarding pastor is found in the appropriate place in the state report; refer to state and place for this information. If the pastor is not in the schedule of the state in which he lives, he may have made a recent change in pastorate. Page numbers are given for those whose names appear on pages 7-42, and in the Necrology, pages 43-58, and in the record of 1948 Ordinations, pages 291-292.

An asterisk (*) before a name indicates that the person is not now reported by any Conference registrar. It appears desirable to retain such names for a period of two years in order to give opportunity for completing transfer of membership from one holding body to another as well as for correction of errors.

A dagger (†) indicates that the address had not been verified, or is unknown.

Names of persons variously employed are indicated as follows: *A.B.C.F.M.*, see American Board of Commissioners for Foreign Missions, pages 342-346; *asso. p.*, associate pastor; *asst. p.*, assistant pastor; *bus.*, business; *Ch.*, chaplain; *coll. p.*, college pastor; *Dean*; *Dir. SEXTON SELLS MORE TRAINED BUYERS THAN ALL OTHER WHOLESALE GROCERS

These Are Equally Divided
Between Men and Women

Women buyers judge largely by intuition. Appreciate immediately the value of new products in brightening their service. Weigh the value of the product in their individual service rather than by a price standard alone.

Men buyers depend upon careful analysis. Slower to accept new items because they prefer to have things more standardized. Sometimes overemphasize price as a factor in their determination.

Buyers for the institutional and restaurant field are skilled in the technique of appraising foods. They make full use of scientific methods of ascertaining food cost.

Sexton sells to 60,000 individual units in this great market. The growth of the company has been based entirely on quality and service. A policy of fine merchandise, carefully packaged, fairly priced and promptly delivered has won the confidence and good will of these trained buyers.

Church lighting as an art can be coordinated with church lighting as a science to improve the architecture, the general decorative effect, and at the same time help put the congregation at ease and induce attention to the service. Note, in the illustration, that: (1) the Nave is lighted by lanterns giving general diffused light, (2) the choir stalls are lighted by open bottom lanterns which give excellent light downward, yet little light in the eyes of the congregation and, finally, (3) two opaque shields suspended over the Communion rail give ample and well distributed light on the Altar and in the Sanctuary generally. Send for our questionnaires and booklet, "Church Lighting Trends". No obligation, of course.

For Long Life

When you think about purchasing a pipe organ, remember this: Your organ should be built for a long life of service, free from troublesome breakdowns and expensive replacements . . . Only the highest grade materials are used in a Möller organ. Lumber is carefully selected, dried, and treated to eliminate splitting and warping. Leather receives special tannings and treatments. Extra-heavy electrical contacts are at least 90 per cent sterling silver . . . When you select a Möller, you are selecting the best—for beauty; for long life.
